2 positions for POSTDOCTORAL FELLOWS Stem Cell research and Regenerative Medicine

Job Description:

Two post-doctoral positions are available immediately to join the Stem Cell Lab at Department of Histology and Embryology, Charles University Medical Faculty in Hradec Kralove, Czech Republic, in the area of Stem Cell Biology and Regenerative Medicine research. Successful candidates will be self-driven and highly motivated individuals involved in the design and responsible for conducting experiments and publication of results. Additional training opportunities include assistance in preparation of research grants, education of undergraduate and graduate students, supervising students on research projects and stays at foreign scientific institutions. Additional information at <http://stemcell.netne.net>

Job Requirements:

1. Ph.D. (awarded after 27th March 2008) or Ph.D./MD.
2. Good knowledge of English (CAE or equivalent) or Czech language;
3. Experience with a teamwork in biomedical research, previous experience and skills, teaching experience;
4. The ideal candidate should be highly motivated, have a background in molecular biology or stem cell research. Preference will be given to applicants with prior experience in differentiation of multipotent and/or pluripotent stem cells and with siRNA-mediated gene silencing

Further information:

A full-time job starts from June 1, 2012 or later (if such an agreement has been made with a supervisor – see info at web) and lasts until December 31, 2014. Gross salary: 40,000 CZK per month.

Applicants should send a cover letter before May 31, 2012 together with a brief description of research experience, list of publications, certificate of Ph.D. degree, certificate of proficiency in English, letter of reference from your Ph.D. supervisor or head of department to:

Charles University in Prague
Faculty of Medicine in Hradec Kralove
